

*When quality & service make a difference . . . .*

*Michon's Banquet & Catering Service*

*... really makes sense!*

*Michon's* restaurant first opened its doors in 1990 in St. Louis, Missouri. Owned by Al Wilson and Walter Glenn, Michon's Barbecue and Fish Restaurant soon became known as the place to eat outstanding fresh, comfort foods in a relaxing and enjoyable atmosphere. The restaurant is named after Natalie **Michon** Wilson, daughter of the owner Al Wilson and his wife Gaye. After 13 years of operation, the restaurant was sold and the Wilson's moved to Georgia and they brought their tradition of outstanding service with them.

*Michon's* is a place where people love to gather with friends and business associates. In addition to restaurant dining, *Michon's* offers occasional evenings of live and recorded jazz entertainment and numerous TV's for viewing sports, news and special programs. We are proud to have opened our newest establishment in Atlanta, Georgia.

*Michon's* mission is to serve scrumptious food in a comfortable atmosphere, with excellent service by great employees who love being a part of the business.
